DP4401 EX

MOTOTRBO™ DP4401 Ex ATEX Portable Two-Way Radio VHF Model

This ATEX-certified non-display DMR radio is packed with all the advantages of MOTOTRBO to help keep you connected in the toughest environments.

Threats from explosive gas or combustible dust, on an oil rig or in an open mine, your workers confront them daily. Safe, reliable communication is absolutely critical in such dangerous environments. That's where the power and performance of MOTOTRBO digital portable radio stands out.

The DP4401 Ex ATEX-certified portable delivers unrivaled voice and data communications with integrated GPS plus best-in-class audio that includes Intelligent Audio and customizable voice announcements.

Available in UHF and VHF frequency bands, the DP4401 Ex digital portable two-way radio is easy to use and features up to 32 channel capacity, three programmable buttons, emergency button, mandown and lone worker functions and IP67 specifications for submersibility.

DP4801 EX

MOTOTRBO™ DP4801 Ex ATEX Portable Two-Way Radio VHF Model

ATEX-certified for use in potentially explosive environments, DP4801 Ex features best-in-class audio, full keypad and 5-line colour display.

Threats from explosive gas or combustible dust, on an oil rig or in an open mine, your workers confront them daily. Safe, reliable communication is absolutely critical in such dangerous environments. That's where the power and performance of MOTOTRBO digital radio stands out.

The fully-featured DP4801 Ex ATEX certified portable radio delivers unrivalled voice and data communications with integrated GPS, text messaging, full-colour display with day/night mode to make reading text messages easier and best-in-class audio that includes Intelligent Audio and customizable voice announcements.

Available in UHF and VHF frequency bands, the DP4801 Ex features a 5-line display, full keypad, up to 1,000 channel capacity, five programmable buttons, emergency button, man down and lone worker functions and IP67 rating for submersibility.

DP4801 EX

MOTOTRBO™ DP4801 Ex ATEX Portable Two-Way Radio UHF Model

ATEX-certified for use in potentially explosive environments, DP4801 Ex features best-in-class audio, full keypad and 5-line colour display.

Threats from explosive gas or combustible dust, on an oil rig or in an open mine, your workers confront them daily. Safe, reliable communication is absolutely critical in such dangerous environments. That's where the power and performance of MOTOTRBO digital radio stands out.

The fully-featured DP4801 Ex ATEX certified portable radio delivers unrivalled voice and data communications with integrated GPS, text messaging, full-colour display with day/night mode to make reading text messages easier and best-in-class audio that includes Intelligent Audio and customizable voice announcements.

Available in UHF and VHF frequency bands, the DP4801 Ex features a 5-line display, full keypad, up to 1,000 channel capacity, five programmable buttons, emergency button, man down and lone worker functions and IP67 rating for submersibility.
